

**REMARKS**

Claims 1-10 were pending in the present application. By virtue of this response, claim 3 has been cancelled, claim 1 has been amended, and no new claims have been added. Accordingly, claims 1-2 and 4-10 are currently under consideration. Amendment and cancellation of certain claims is not to be construed as a dedication to the public of any of the subject matter of the claims as previously presented. No new matter has been added.

**Concerning the Drawings**

The attached drawing sheet include changes to Figures 1. In particular, in response to the Examiner's objection, Figure 1 now include the caption "Prior Art". Applicant believes this overcomes the Examiner's objection.

**Rejections under 36 U.S.C. §103(a)**

Claims 1 and 2 are rejected as allegedly being unpatentable over Ikeda et al. in view of Haskal et al.

With this Communication, claim 1 has been amended to include the limitations of claim 3. Claim 3 was originally dependent on claim 1. In the Office Action was objected to as being dependent on a rejected base claim but would be allowable if rewritten to include all the limitations of the base claim. Thus, amended claim 1 is believed to now be in condition for allowance.

Claim 2 depends from amended claim 1. Thus, claim 2 is also now believed to be allowable.

Claims 5-7 are rejected as allegedly being unpatentable over Ikeda et al. in view of Haskal et al. and further in view of Sanaka et al. Claims 5-7 each ultimately depend from amended claim 1. Because, as discussed above amended claim 1 is believed to be allowable, claims 5-7 are also believed to be allowable.

**In the drawings**

The attached drawing sheet include changes to Figures 1. In particular, in response to the Examiner's objection, Figure 1 now include the caption "Prior Art". Applicant believes this overcomes the Examiner's objection.
